

Catalog of solar lighting kit

	Picture	Item No.	Discription	packing size
		T-BS15W-3	<p>Solar panel:15W            Light Source: 3*3W LED            Battery: 2600MAH Lithium battery built-in each bulbs  <b>Working:</b>            100%/50%/10% brigtness(dimmmable,controlled by button switch or remote control)  <b>Working time:</b> 6-30hours(base on the brigtness)  <b>Charing time:</b> 4hours + mobile charging  <b>Remark:</b> after charge, bulbs can took to anywhere for lighting different color of bulbs for choice</p>	<p>6sets/carton            74*48*39.5cm            24KG/carton</p>
		T-BS9W-2	<p>Solar panel: 9W polycrystalline silicon            Light Source: 2*3W LED            Battery: 2600MAH Lithium battery built-in each bulbs  <b>Working:</b>            100%/50%/10% brigtness(dimmmable,controlled by button switch or remote control)  <b>Working time:</b> 6-30hours(base on the brigtness)  <b>Charing time:</b> 4hours  <b>Remark:</b> after charge, bulbs can took to anywhere for lighting, different color of bulbs for choice</p>	<p>box size            30.5*30.5*11.5cm            8pcs/carton</p>
	 <p>portable mini solar power system</p>	T-BS6W-1	<p>Solar panel: 6W polycrystalline silicon            Light Source: 1*3W LED            Battery: 2600MAH Lithium battery built-in each bulbs  <b>Working:</b>            100%/50%/10% brigtness(dimmmable,controlled by button switch or remote control)  <b>Working time:</b> 6-30hours(base on the brigtness)  <b>Charing time:</b> 4hours + mobile charging  <b>Remark:</b> after charge, bulbs can took to anywhere for lighting, different color of bulbs for choice</p>	<p>box size            30.5*30.5*11.5cm            8pcs/carton</p>
		T-BS3W-1	<p>Solar panel: 3W polycrystalline silicon            Light Source: 1*3W LED            Battery: 2600MAH Lithium battery built-in each bulbs  <b>Working:</b>            100%/50%/10% brigtness(dimmmable,controlled by button switch  <b>Working time:</b>            6-30hours(base on the brigtness)  <b>Charing time:</b> 4hours  <b>Remark:</b> after charge, bulbs can took to anywhere for lighting, different color of bulbs for choice</p>	<p>Solar bulb            38pcs/carton            74*48*39.5cm</p>

	<p>T-B-101 LED rechargeable lamp</p>	<p>Light Source: 1*3W LED Battery: 2600MAH Lithium battery built-in each bulbs Working: 100%/50%/10% brigtness(dimmmable,controlled by button switch Working time: 6-30hours(base on the brigtness) Charing time: 4hours Remark: after charge, bulbs can took to anywhere for lighting, different color of bulbs for choice</p>	<p>Solar bulb 38pcs/carton 74*48*39.5cm</p>
	<p>T-B-201 car led emergency light</p>	<p>Light Source: 1*3W LED Battery: 2600MAH Lithium battery built-in each bulbs Working: 100%/50%/10% brigtness(dimmmable,controlled by button switch Working time: 6-30hours(base on the brigtness) Charing time: 4hours Remark: after charge, bulbs can took to anywhere for lighting, different color of bulbs for choice</p>	<p>Solar bulb 25pcs/carton 74*48*39.5cm</p>
	<p>T-S601 (without dimmmable +remote controller )</p>	<p>Light Source: 1*3W LED Battery: 2500MAH Lithium battery built-in each bulbs Working: 100%/50%/10% brigtness(dimmmable,controlled by button switch Working time: 6-30hours(base on the brigtness) Charing time: 4hours Remark: after charge, bulbs can took to anywhere</p>	<p>Solar bulb 25pcs/carton 74*48*39.5cm</p>
	<p>T-S301 (without dimmmable +remote controller )</p>	<p>Solar panel: 2W polycrystalline silicon Light Source: 1*3W LED Battery: 2500MAH Lithium battery built-in each bulbs Working time: 6-7 hours Charing time: 6 hours Remark: after charge, bulbs can took to anywhere for lighting, different color of bulbs for choice</p>	<p>Solar bulb 30pcs/carton 74*48*39.5cm</p>
